COPYWRITER. TUTOR. SESSION GUITARIST, MUSIC
ARRANGER & SONGWRITER. CONSULTING & COACHING

I live in Somerset West, in the Western Cape just outside of beautiful Cape Town, South Africa.

I am delighted to have played guitars on Anne-Marie van Eeden's album and it turned out to be a brilliant musical conversation of unique and melodically adventurous ideas!

Thankful to be alive and working in the Covid affected music industry, I have the great love and fortune to work in studio, arranging, recording and production work, guitar work of all kinds and live-performances.

Collaboration is always a great joy and life still surprises me pleasantly all the time.
